Leadership Workshop for Youth

Leadership Compass: Finding Your Direction is a workshop designed for high school students who successfully completed Leadership Worthington's High School Leadership Program.

This workshop supplements previous program experiences, by helping students identify their leadership strengths and weaknesses through four styles of leading, based on the North, South, East and West directions of a compass. Through a variety of interactive activities, participants design a personal map for developing their personal leadership style.

The workshop is April 17th, 2 pm-4 pm, at the Worthington Education Center. Facilitator is Pat Clancy, Youth Program Coordinator for Leadership Worthington. Cost is \$10.00. For registration, call 883-3057 or e-mail: pmcclancy@gmail.com.
