**Come Meet the Young Leaders of Worthington**

Do you want to know who the young leaders of Worthington are and what they're thinking? Come join your Worthington neighbors and community leaders at Leadership Worthington's Annual Meeting, Thursday, May 12 at 5:30 pm at the Worthington Education Center, 200 E Wilson Bridge Road.

Three students representing, Worthington's Elementary, Middle and High Schools, will be honored with Leadership Worthington's Leadership for a Lifetime Award. Attendees will then hear these young people's take on what leadership means to them. Joining these youth will be two adult award recipients selected for their outstanding volunteer contributions in the community.

"It's a wonderful time to celebrate both youth and adults in this community who take the initiative to help make their community a better place," says Joan Bird, Executive Director of Leadership Worthington.

Also being honored, with the Distinguished Community Leadership Award, is a Worthington business leader who has shown leadership in supporting the vision of the future in the Worthington area. Previous recipients of this award include Dr. Tony Lordo, Worthington Schools, Phil Giessler of Cam Taylor Realtors, Schoedinger Funeral Home, Sky Bank, Kathi Reddy – Allstate Insurance Agent, and Worthington Libraries.

Leadership Worthington offers a premier community leadership development program to adults and youth in the Worthington area and surrounding vicinity. The interactive sessions promote an understanding of the Worthington community as it develops a skilled leadership base for the community's future progress.
